Cerberus

Company Name: Regents College
Solutions delivered: Hardware and Software Procurement and
Managed Services, including Cerberus Disaster Recovery.
Clients for: 1 year

"We love Cerberus. It's a great service which saves a lot of time and effort on our part. It took the place of another managed back up service and since it went live we haven't looked back".

David Elliott, Head of Information Systems.

Company Name: Harbottle and Lewis
Solutions delivered: Professional Services and Managed Services,
including Cerberus Disaster Recovery.
Client for: 4 years

Harbottle & Lewis

"I'm delighted we came across Datashare when we did. We had a DR need that no other services provider would have been able to address as well as Datashare and Cerberus".

Martin Lynch, IT Director

Company Name: Boodle Hatfield
Solutions delivered: Cerberus Disaster Recovery,
Hardware Break Fix & Procurement, Citrix Support.
Clients for: 3 years

"Since our full disaster in 2007 when Datashare recovered our systems using their excellent service "Cerberus", we have been so impressed with the overall standard of service they provide, we have just awarded them our full hardware break fix contract covering over 35 servers".

Thereza Snaymen. IT Director.

Company Name: A2 Dominion.
Solution delivered: Cerberus Disaster Recovery
Clients for: 3 years

"When A2 and Dominion housing groups merged to become one of the largest providers of housing in southern England, moving our 25 servers to Cerberus cover was an easy decision to make as we have previously had a very positive experience with them. With full disaster recovery and restore available in DSL virtual infrastructure, we are secure in the knowledge that our data is safe and readily
