

Testimonials

Professional Services

Company Name: Travers Smith LLP
Solution Delivered: Professional Services - various projects
Clients for: 4 years

TRAVERS SMITH

"Datashare compliment our team perfectly. They provide the skill when we need it but always help to transfer knowledge to our existing team. Most of our major infrastructure projects such as the implementation of Windows Server 2008 and Exchange 2007 have been helped along with the assistance of Datashare".

Company Name: Old Square Chambers
Solutions delivered: Professional Services, Cerberus Disaster Recovery,
Hardware Break Fix & Procurement, Server Support, Network Support.
Clients for: 1 year

OLD SQUARE 
CHAMBERS

"We took nearly a year to select our IT Supplier. Thankfully we awarded it to Datashare who, through their proactive service and overall professional approach, constantly surpass our expectations".

Felicity Schneider. Chambers Manager.

Company Name: Boodle Hatfield
Solutions delivered: Cerberus Disaster Recovery,
Hardware Break Fix & Procurement, Citrix Support.
Clients for: 3 years

BOODLE
HATFIELD

"Since our full disaster in 2007 when Datashare recovered our systems using their excellent service "Cerberus", we have been so impressed with the overall standard of service they provide, we have just awarded them our full hardware break fix contract covering over 35 servers".

Thereza Snaymen. IT Director.

Company Name: A2 Dominion.
Solution delivered: Cerberus Disaster Recovery
Clients for: 3 years

a2dominion

"When A2 and Dominion housing groups merged to become one of the largest providers of housing in southern England, moving our 25 servers to Cerberus cover was an easy decision to make as we have previously had a very positive experience with them. With full disaster recovery and restore available in DSL virtual infrastructure, we are secure in the knowledge that our data is safe and readily accessible in emergencies".

Andrew Boyes, Group Director of IT.
